

Workshop on Nonlinear Analysis and Control Theory (2019)

October30, 2019, SJTU, Shanghai, China

Purpose:

This workshop is organized by the Nonlinear Analysis and Control Theory group in School of Mathematical Sciences at Shanghai Jiao Tong University. It is aimed at promoting the communication among experts in nonlinear analysis and control theory as well as helping graduate students and young researchers learn related recent developments.

Organizing Committee:

Jin Liang (Chair, Shanghai Jiao Tong University, China)

Qilong Gu (Shanghai Jiao Tong University)

BingNai (Shanghai Jiao Tong University)

Speakers:

Kun-Peng Jin (Shanghai Jiao Tong University, China)

James Liu (James Madison University, USA)

Yunyi Mu (Shanghai Jiao Tong University, China)

Guang-Hua Shi (Yangzhou University, China)

KedumetseNadourVati (Shanghai Jiao Tong University, China)

Ti-Jun Xiao (Fudan University, China)

Ya-Shan Xu (Fudan University, China)

Chengwei Zhang (Shanghai Jiao Tong University, China)

Main Sponsors:

National Natural Science Foundation of China

Shanghai Jiao Tong University

Venue:

Room 706, No.6 Science Building, Minhang Campus, Shanghai Jiao Tong University

No. 800 Dongchuan Road, Shanghai, China
